

THRIVE COMPASS: NAVIGATING BEHAVIOR SYSTEMS WITH CONFIDENCE AND CLARITY

A Cross-District Professional Learning Community for Principals and Building Leaders

TRANSFORM YOUR APPROACH TO STUDENT BEHAVIOR

The Ability Challenge presents an exclusive 8-month Professional Learning Cohort designed specifically for school principals seeking to build knowledge and implement strengths-based approaches to student behavior.

WHY JOIN?

School principals face unique needs related to student behavior:

- Move beyond punitive approaches to understand the functions of behavior
- Build school-wide systems to support positive behavior
- Empower staff to respond effectively to behavioral challenges
- Implement strengths-based approaches built on student assets

Our research shows that principals who understand behavior as communication and implement supportive, systematic responses create more positive and productive learning environments for all students.

➡ What You Gain

- ✓ **Behavior Function Knowledge:** Understand the four functions of behavior and how to identify the "why" behind student actions
- ✓ **Strengths-Based Approaches:** Implement asset-focused behavior support systems that build on student capabilities
- ✓ **Whole-School Behavior Systems:** Develop tiered supports and consistent responses across all school settings
- ✓ **Staff Empowerment:** Build capacity to understand, prevent, and effectively respond to behavior challenges

➡ Program Structure

Kickoff Session

Establish core mindsets and explore the functions of behavior

Monthly 2-Hour Virtual Sessions

High-leverage topics including: the four functions of behavior, prevention strategies, staff training approaches, data collection systems, and creating behavior support plans

Regular Individualized Coaching with ABC Experts

Access to Tools & Resources Through ABC's Learning Portal

Regular sessions will take place on the third Thursday of each month from 1-3 pm EST via Zoom

\$2,500 per leader
Discounts for team registration
Space is limited!
